

## PC-362M "PCT" Chamber

(Saturated type Pressure Cooker)

- The first ever adoption of Electric Clamp Lid for Saturated Pressure Cooker!  
A single button operation for opening and closing of the lid.
- Lid combined with Safety lid cover!  
Increased safety of scald-proof by the inter-lock function.
- Equipped with the 3rd test mode of 「DEWFALL PREVENTION」 in addition to the standard and pre-heating modes!  
Wider test function attained by improvement of dew-free efficiency.
- Big capacity with Compact size!  
Compared to our previous models, only 1/2 of Installation space for this 32.6ℓ system.

### Main specifications:

Model	PC-362M
Outer dimensions	600W x 697D x 1050H mm
Effective chamber size	300 $\phi$ x 450D mm, 32.6ℓ
Usable temperature / Humidity range	105°C ~ 134°C / 100% RH (Saturated steam)
Usable pressure range	0.02 ~ 0.2MPa (0.2 ~ 2.0kgf/cm <sup>2</sup> )
Power source	AC220V, 1-phase, 4kW
